Re: ET Docket 98-153

Dear Ms. Dortch:

Pursuant to Section 1.1206(b)(2) of the Commission's Rules, this is to notify you that on June 7, 2004, Steve Sharkey of Motorola, Inc. and Martin Rofheart and Veronica Haggart of Freescale Semiconductor met, in separate meetings, with Paul Margie, Spectrum and International Advisor to Commissioner Copps; Sam Feder, Legal Advisor on Spectrum and International Issues to Commissioner Martin, Jennifer Manner, Senior Counsel to Commissioner Abernathy and Barry Ohlson, Senior Legal Advisor to Commissioner Adelstein. During the meeting, we expressed the view that the current FCC rules provide a good foundation for deployment of ultrawideband technology in the 3.1-10.6 GHz band and urged that these rules not be substantially changed at this time in the above captioned proceeding. Maintaining stability for deployment of services is important at a time when UWB is on the verge of commercial implementation, and when the rest of the world is considering adoption of rules to allow this technology.

Pursuant to the Commission's Rules, one copy of this notice is being filed electronically with the Commission. If you require any additional information please contact the undersigned at (202) 371-6953.

Sincerely,

/s/ Steve B. Sharkey
